- Skills To Survive -

Civilian Medicine Courses

What Makes Raven Medical Different

- **Relevant** - Our courses are driven by current research, national standards, and demands from the field.
- **Resolute** - We provide top-tier medical training, continuing education, and certifications for all aspects of pre-hospital care for civilian, DoD, and government agencies.
- **Ready** - Our medical instructors are dedicated, licensed, and certified with the qualifications and experiences to prepare students for real-world emergencies.

How Does Raven Medical Make It Happen

With over 10 years of past performance, we are recognized through national certifications and accreditations as a leader in medical training
